Project No.: SSD 5156

Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will:

Support a community through the provision of jobs, many of which pay well and are hard to come by. The project will also assist with Gloucester Infrastructure programs, community grants and skill improvement. Mining already exists in the area, and as it tails off, this is the perfect project to replace. Given the stringent environmental standards, I have no doubt that the project will be developed and administered with the utmost care and respect for the local environment and community.

I HAVE / ☒ HAVE NOT made any reportable political donations in the past two years.

Yours sincerely,

BRENDAN SCHILLING
