Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will:

Stimulate employment for the youth of Gloucester. I am 18 years old and about to sit the HSC in Gloucester, there are no job opportunities here for me at present but if the Rocky Hill Mine was up and running there may be apprenticeships and Scholarships available to me. The town needs jobs now and into the future. Employment brings more people to town which leads to more jobs all around.

I ~~have~~/have not made any reportable political donations in the past two years

Yours sincerely
