Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will:

create jobs which is required in the Gloucester area and its surrounds. Employment opportunities in this area are limited especially for young people. It will also be beneficial to the economy and the potential benefits arising from \$6.5 million provide to the community through GRL's community grants program. There would also be an increase in rates income to the council of more than \$350,000 annually, some 520% more than if land was used for farming.

I have not made any reportable political donations in the past two years

Yours sincerely,
