Project Name: Rocky Hill Coal Project
Project No.: SSD 5156

Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will:

bring significant and much needed benefits and jobs to the local community of Gloucester. I understand that the life of the mine is for 21 years so this is a substantial period to be able to provide over 100 additional jobs for the community.

I am particularly supportive of the charges that the mine proponent has made to its mine facilities, that is, no coal preparation plant, no conveyor, no balloon loop + train loading facility, as this will further reduce the environmental impact of the mine and utilise the existing infrastructure already existing.

~~I have~~/have not made any reportable political donations in the past two years

Yours sincerely
