Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will:

Bring more employment to this town. I am currently employed at Duralie and have seen the impact on Gloucester since Yancoal have cut employment. This town is suffering and can't survive on tourism alone. The school will suffer and we may already lose teachers due to families having to relocate. Businesses on the main street are suffering due to thousands of dollars per week not coming into town from redundant miners. We need more opportunities for the youth of Gloucester re. apprenticeships & scholarships. Please allow this mine to go ahead. It will be a great thing for this town.

I ~~have~~ have not made any reportable political donations in the past two years

Yours sincerely

Troy Ellis
