Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will: enhance my job opportunities to resettle in my home town, Gloucester
I am working in the mining industry at Gunnedah at present.

My parents still live in Gloucester, and as they are ageing it would be good to be back at home.

My parents are lifelong residents of Gloucester and have no problems with mine going ahead to help the town out with job opportunities and future businesses being encouraged.

I ~~have~~/have not made any reportable political donations in the past two years

Yours sincerely
