Dear Sir/Madam

I support the Rocky Hill Coal Project going ahead because it will:

Provide for the community as follows:

- Additional employment at the mine & also with supporting industry, especially given current climate
- Additional spending in a regional area, which will hopefully aid in the growth of the area.
- Will reduce burden of social security system through less unemployment.

I have not made any reportable political donations in the past two years

- Will give unemployed people who gain work from this some dignity & hope.

Yours sincerely,

Pet Mudd
