Dear Sir,

I am writing to you about the  
Rocky Hill Coal Project. I am sorry to say  
I won't be able to attend your meeting about  
this matter.

I am quite against you spoiling  
our lovely countryside with yet another  
eye sore to our lovely scenery etc.

Not only the scenery but the impact  
it will have on our town.

For one thing it won't do anyone  
any good especially asthmatics which  
I myself am! It isn't very nice not being  
able to breathe at times. And I know this  
dust will cause a lot of people and children  
not being able to breathe! It can be very  
frightening I can assure you!

To say nothing for the poor man  
that lives on the land and those doing  
milking! And I am quite sure it won't do any  
good at all for the milk! Please think what  
you are trying to do? And leave the country  
as it is.

Yours faithfully  
(Mrs) D. Mentheth
