Taree N.S.W. 2430

Dear Sir/Madam,

We the undersigned, oppose the above project. We reside in the Manning Valley and are very concerned about the pollution of our local waterways if the project goes ahead. The Environmental Impact Statement states there is a likelihood that this is a real possibility.

Thousands of Manning Valley residents would be affected, along with all the would-be tourists

The N.S.W. Government should NOT approve this mine!

Yours faithfully,

L. Griffis
