

Transport  
for NSW

Mr David Gibson  
Team Leader  
Social Infrastructure Assessments  
Department of Planning and Environment  
GPO Box 39  
Sydney NSW 2001

**Attention: Megan Fu**

Dear Mr Gibson

**Notice of Exhibition - New Grafton Correctional Centre Stage 2 – Design,  
Construction and Operation (SSD 8368)**

Thank you for your recent correspondence requesting Transport for NSW (TfNSW) provides comment on the Environmental Impact Statement (EIS) for the development mentioned above.

It is acknowledged that the proponent intends on working with TfNSW and local bus operators to establish a bus service to the facility prior to the opening date in 2020. TfNSW supports this approach and requests that the proponent continue to provide details of construction progress, so that TfNSW can plan and allocate funding for the potential bus services.

TfNSW notes that Section 3.9 of the *Transport & Accessibility Report* states that provisions will be made onsite to accommodate bus services. Whilst TfNSW understands that the access road is 'bus capable', we require further detail regarding the pick-up/drop-off area (at **Attachment A**), to ensure there is adequate swept path for the safe movement of buses within the site.

If you have any further questions Mr Lee Farrell, Transport Planner, Land Use Planning and Development, would be pleased to take your call on (02) 8202 2944. I hope this has been of assistance.

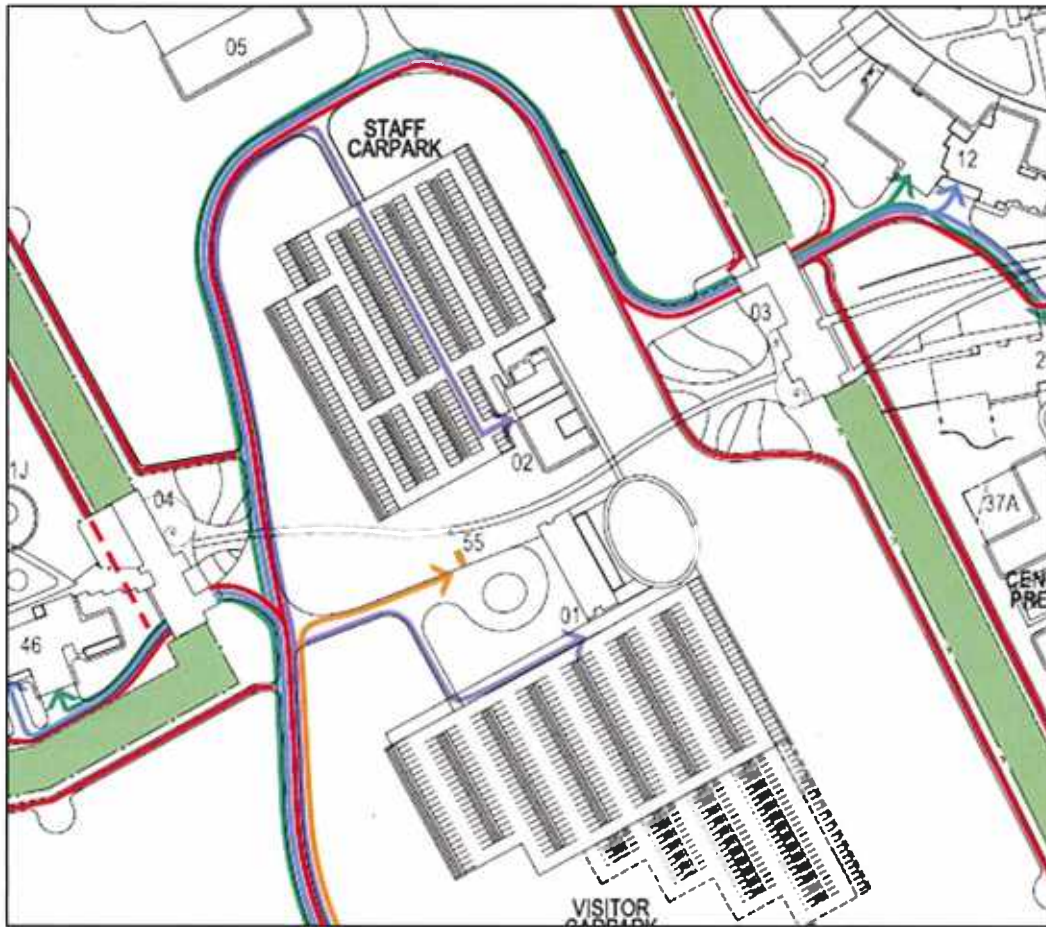

Yours sincerely

11/7/17

Mark Ozinga  
Principal Manager, Land Use Planning and Development  
**Freight, Strategy and Planning**

CD17/06906

**Attachment A:** Bus pick-up/drop-off area; further detail required.
