Western Sydney Stadium Concept
Proposal and Stage 1 Demolition
Application No SS0 7534.

I am writing this submission
to state that I object to
the above proposal.

The above proposed
development will encroach on
Parramatta Park & the
Old Government House site
which in the past have
been used for development projects.

I also object to
the demolition of the Parramatta
Swimming Centre as it is a
vital health & leisure asset
for the people of Parramatta
& was developed & paid
for by past & present citizens
of Parramatta as a swimming
& open space area for use
by all citizens.

I have made small
donations i.e no more than
\$50 dollars to the A.L.P.
