Dear Director,

**Submission: Australian Technology Park Redevelopment (SSD 15\_7317)**

I wish to make a submission on the Environmental Impact Statement provided by Mirvac for the redevelopment of Australian Technology Park. I am concerned about damage to the nationally significant heritage, the transport implications, poor public access, commercialisation of public space, and impact on local residents.

This property, and its use should remain with the people of Sydney and not be turned into yet more apartments.

We have so little real open space which is freely available to the public, and we can ill afford to lose any, especially an area as unique and historic as this area.

The public needs must come first.

The current space meets those needs.

Yours sincerely,

Miss Amy Reynolds
