Dear Director,

Submission: Australian Technology Park Redevelopment (SSD 15_7317)

I wish to make a submission on the Environmental Impact Statement provided by Mirvac for the redevelopment of Australian Technology Park. I am concerned about damage to the nationally significant heritage, the transport implications, poor public access, commercialisation of public space, and impact on local residents.

I do not want ATP to be turned into a commercial space. This space has always been for the people. I don't want 9 story buildings and several thousand workers and cars/trucks filling up our neighbourhood. I don't except some crummy little community space within this sector just to shut us up. This area is becoming so jam packed. Mike Baird and NSW LNP is agenda driven - to look after you're top end of town mates and stuff the people. Well mate - people vote.

Yours sincerely,
