Dear Director,

**Submission: Australian Technology Park Redevelopment (SSD 15\_7317)**

I wish to make a submission on the Environmental Impact Statement provided by Mirvac for the redevelopment of Australian Technology Park. I am concerned about damage to the nationally significant heritage, the transport implications, poor public access, commercialisation of public space, and impact on local residents.

I cycle through the ATP every week and am concerned that its commercialisation would mean the beautiful old buildings would change. I also frequent events held there; I would consider it a great injustice to the public if they no longer have access to events held here, or to these wonderful buildings in general.

Yours sincerely,

Mr Peter Francis
