Dear Director,

**Submission: Australian Technology Park Redevelopment (SSD 15\_7317)**

I wish to make a submission on the Environmental Impact Statement provided by Mirvac for the redevelopment of Australian Technology Park. I am concerned about damage to the nationally significant heritage, the transport implications, poor public access, commercialisation of public space, and impact on local residents.

I look forward to the innovative development of the site- it is sorely needed, as the area is run down in parts, and a tasteful development will enrich the area with great facilities.

Yours sincerely,
