Dear Director,

Submission: Australian Technology Park Redevelopment (SSD 15_7317)

I wish to make a submission on the Environmental Impact Statement provided by Mirvac for the redevelopment of Australian Technology Park. I am concerned about damage to the nationally significant heritage, the transport implications, poor public access, commercialisation of public space, and impact on local residents.

I love to walk around this place. It reminds me of bygone times, the hard times as well as a more relaxed environment where space and leisure win over crowds and high rise. There is way too much development in Sydney. As such Sydney is fast losing its historic identity (i.e. The Rocks, Kogarah Golf Course, mascot, Wolli Creek pre-industrial). Isn't it about time someone championed our history and gave it back to the people for the people (not the government).

Yours sincerely,

VJ Elton
