**29 February 2016**

Dear Director,

**Submission: Australian Technology Park Redevelopment (SSD 15\_7317)**

I wish to make a submission on the Environmental Impact Statement provided by Mirvac for the redevelopment of Australian Technology Park. I am concerned about damage to the nationally significant heritage, the transport implications, poor public access, commercialisation of public space, and impact on local residents.

The development planned is 4.8 oversize ,completely blocks light and sun with a high brick wall beside existing kindergarten.have no respect for history of railways and workers at Redfern no cultural aboriginal history reflected.transport not able to cope on roads or tail for the number of workers and building is overwhelming ato

Yours sincerely,

Yvonne Cowell
