Subject: RE: Re-development of Australian Technology Park - SSD 7317 - Sydney Water Comments

Hi Brendon,

I've reviewed the RTS and can confirm that Sydney Water has no additional comments to make in regards to this proposal.

As stated in the RTS, the proponent will be actively working with Sydney Water during the concept design stage to ensure the adequate supply of water and wastewater, and will be informed of updates to our servicing strategy for the entire Central to Eveleigh precinct to ensure any work required is done consistent with this strategy.

If you need anything further, please let me know.

Many thanks,
Beau

Subject: RE: Re-development of Australian Technology Park - SSD 7317 - Sydney Water Comments

Hi Beau

The applicant has submitted its response to submissions (RTS) raised during the exhibition of the Australian Technology Park application (SSD 7317). The RTS is available to view on the Department's website at http://majorprojects.planning.nsw.gov.au/index.pl?action=view_job&job_id=7317.

Could you please provide any further comments / recommended conditions by **COB on Friday 3 June 2016**.

Please feel free to give me a call should you have any questions.

Kind regards

Brendon
