Mr David Clancy
General Manager NSW
Transpacific Cleanaway
PO Box 804
St Mary's NSW 1790

Dear Mr Clancy,

RE: PROPOSED WASTE TRANSFER FACILITY FOR ERSKINE PARK

I Mark Sharp Managing Director of MKB Contracting Pty Limited Trading as Old MacDonald's Child Care located at 21A Mandalong Close Orchard Hills NSW wish to state that I am currently in the process of obtaining the occupation certificate to open the above Child Care on 11 January 2016.

I attended your community briefing session on 11 May 2015 raising my concerns which included but not limited to the following.

- Air Quality
- Noise
- Stench
- Increased Traffic

In addition I raised the air quality concern and noise as major factors that will impact the Child Care including parents, workers, visitors and furthermore the children.

I had planned this project for many years and during the building process of 2015 encountered stench on several days from the neighbouring waste centres, Eastern Creek, and Kemps Creek respectively. This raises significant concerns for persons and children's health if an additional waste facility is operating in close proximity to the centre..

After I received feedback from you on 21 May 2015 stating that you are performing an Environmental Impact Study; I am somewhat confused and cannot comprehend how this can occur as you can only measure the current air quality not the air quality of the facility that will be generated once the facility constructed and fully operational.

I also wish to note that I am in favour of business in the area but not a waste transfer facility within several hundred meters of a Child Care Centre with approval for 90 Children daily with ages ranging from 6 weeks to 6 years.

I profusely object to this facility being constructed unless you can guarantee that the above will not impact on the Health and Safety of all persons who may visit, work or attend the site including children and will have no hesitation in engaging legal representation if approved for operations.

Finally I was unable to attend your community information session conducted on Monday 12 October 2015 due to work commitments.

Should you require any further information pertaining to any of the above please do not hesitate to contact the undersigned at your convenience

Yours faithfully

A handwritten signature in dark ink, appearing to read 'Mark Sharp'.
