Dear Patrick

**RE: Proposed s96(A) Modification Application  
Lucas Heights Resource Recovery Park (SSD 6835 MOD 1)**

Thank you for the opportunity to make a submission in relation to the modification proposal to amend Condition C53 to extend the operating hours at the Lucas Heights Resource Recovery Park.

Sutherland Shire Council worked extensively with SUEZ in the preparation of the modification proposal. During this process several amendments were made to the proposal to accommodate Council concerns. The last of these related to traffic and noise concerns associated with the facility opening at 4am Monday to Friday. Subsequently the proposal has been amended to extend operating hours to 5am only Monday to Friday. With this amendment all Council concerns have been satisfactorily addressed. Council therefore has no outstanding issues relating to the proposal and has no objection to the proposal.

Should you wish to discuss this matter further, please do not hesitate to contact Council's Principal Environmental Scientist, Ian Drinnan on 9710 0547 or via email at [idrinnan@ssc.nsw.gov.au](mailto:idrinnan@ssc.nsw.gov.au).

Yours sincerely,

Ian Drinnan  
Principal Environmental Scientist
