Dear Diana

**Yass Valley Wind Farm Modification 1 (SSD 6698)  
Environmental Assessment Review**

I refer to your email dated 20 September 2017 inviting the Division of Resources & Geoscience (the Division) to provide comments on the Yass Valley Wind Farm MOD 1 (the Project) Environmental Assessment (EA) submitted by Coppabella Wind Farm Pty Ltd (the Proponent).

The Division has reviewed the adequacy of information supplied relation to the abovementioned Project and provides the following advice:

As the Project does not propose to change the overall footprint of the approved project area (including electricity transmission infrastructure) and as the approved project area does not intersect any significant mineral, energy (coal or petroleum) or construction material resources, nor any current mineral, coal or petroleum exploration licenses or mining leases, the Division has no comments or issues to raise in relation to the Project application.

Further enquiries regarding this matter please contact: Adam Banister, Senior Advisory Officer (02) 4931 6439 or [industry.coordination@industry.nsw.gov.au](mailto:industry.coordination@industry.nsw.gov.au)

Yours sincerely

Adam W. Banister
