Attn: Simon Truong

Dear Mr Roberts

**Notice of exhibition of a proposed research and education facility at Taronga Zoo,  
Bradleys Head Road, Mossman (SSD 7311)**

Thank you for your letter dated 22 January 2016 requesting TfNSW to comment on the above development.

Transport for NSW (TfNSW) has reviewed the documentation submitted in support of the proposal and it is suggested that the conditions of consent include a requirement for preparation of a Construction Traffic Management Plan (CTMP). The CTMP should provide details of construction vehicle routes, number of trucks, hours of operation, access arrangement, road/lane closures, traffic control and parking (staff and plant). The plan should also specify any potential impacts to the operation of public transport services and infrastructure as well as pedestrian and cyclist access. Should any impacts be identified, adequate safety and diversion measures should be put in place that minimise time delay and detour distances.

Should you have any questions regarding this matter, please contact Edmond Platon, Transport Planner on 8202 2557 or [edmond.platon@transport.nsw.gov.au](mailto:edmond.platon@transport.nsw.gov.au).

Yours sincerely

1/3/16
