Dear Ms Maguire

**North Kellyville Public School (SSD 8344)
Comment on the Response to Submissions**

I refer to your email of 14 December 2017 to the Department of Industry in respect to the above matter. Comment has been sought from relevant branches of the Lands & Water Division and the Department of Primary Industries.

Any further referrals to Department of Industry can be sent by email to landuse.enquiries@dpi.nsw.gov.au.

The department has reviewed the response to submissions and is satisfied that all matters of regulatory interest have been adequately addressed. The department recommends the following conditions be included in the planning consent should the project be approved:

- The proponent must develop the stormwater management plan in consultation with Lands and Water within 12 months of determination.
- Any works undertaken within watercourses or waterfront lands should be conducted in accordance with Lands and Water Division's Guidelines for Controlled Activities (2012).

Yours sincerely
