

## **ATTACHMENT - A**

### **APPROVED PLANS**

#### **1. Compliance with Plans and Conditions**

The development shall take place in accordance with the approved development plans, except as modified in red by Council and/or any conditions of this consent.

### **PRIOR TO THE ISSUE OF A CONSTRUCTION CERTIFICATE**

**The following conditions of consent must be complied with prior to the issue of a Construction Certificate by a Certifying Authority. The Certifying Authority can be either Fairfield City Council or an Accredited Certifier. All necessary information to comply with the following conditions of consent must be submitted with the application for a Construction Certificate.**

#### **2. Outstanding Long Service Levy Fee**

Prior to the issue of a Construction Certificate, a receipt for payment of the Long Service Levy (in accordance with the Building and Construction Industry Long Service Levy Payments Act 1986) shall be submitted to the Certifying Authority.

The Long Service Levy is calculated at 0.35% of the value of building works, as is in force at the date of this consent. The rate of calculation is subject to change and should be verified (and adjusted) at the date of payment. Payment can be made to Fairfield City Council or direct to the Long Service Levy Corporation.

#### **3. Waste Management Plan**

Prior to the issue of a Construction Certificate, a Waste Management Plan shall be submitted to and approved by the Certifying Authority. The Waste Management Plan shall be prepared in accordance with the requirements of the Fairfield City Council Waste Not DCP. The Waste Management Plan shall address the type of materials expected from demolition/construction; estimated volumes or tonnes of materials; proposed reuse or recycling methods; the contractors to be used; and the recycling outlet and/or landfill site.

#### **4. Erosion and Sediment Control Plan**

Prior to the issue of a Construction Certificate, an Erosion and Sediment Control Plan shall be submitted to and approved by the Certifying Authority. The Erosion and Sediment Control Plan shall be prepared in accordance with the requirements of the Fairfield City Council's Erosion and Sediment Control Policy. The Erosion and Sediment Control Plan shall clearly show and demonstrate how erosion is to be minimised and how sediments are to be trapped on the site and prevented from escaping, transported, carried or discharged across and outside the boundaries of the site of the development or building activity.

### 5. Sydney Water Consent

The plans must be assessed by Sydney Water Tap in to determine whether the development will affect any Sydney Water asset and if any requirements need to be met. The plans will be appropriately stamped. All amended plans will require restamping.

Please refer to the web site <https://tap-in.sydneywater.com.au> for:

- See the Building plan approvals section on the Tap in site, and
- Guidelines for Building Over/Adjacent to Sydney Water Assets – see Building and developing then Building and renovating

Or telephone 13 20 92

### PRIOR TO THE COMMENCEMENT OF ANY WORKS

**The following conditions of consent have been imposed to ensure that the administration and amenities relating to the proposed development comply with all relevant requirements. A Certifying Authority can either be Fairfield City Council or an accredited certifier. All of these conditions are to be complied with prior to the commencement of any works on site.**

### 6. Construction Certificate Required

Prior to the commencement of any building and construction works, a Construction Certificate is required to be issued by a Certifying Authority.

Enquiries regarding the issue of a Construction Certificate can be made to Council's Customer Service Centre on 9725 0222.

### 7. Appointment of a Principal Certifying Authority

Prior to the commencement of any construction works, the person having benefit of a Development Consent, must:

- a. appoint a Principal Certifying Authority; and
- b. notify Council of the appointment.

### 8. Notify Council of Intention to Commence Works

The applicant must notify Council, **in writing** of the intention to commence works at least two (2) days prior to the commencement of any construction works on site.

### 93. Kerb and Gutter Status Form

## **ATTACHMENT - A**

Prior to the commencement of any construction works on site, the applicant shall return the attached footpath/kerb and gutter form to Council detailing the existence of, and the condition of, any foot paving, and/or kerb and gutter provided adjoining the site for checking against Council's records. Damage to footpaths, kerbs, stormwater systems and general streetscape will require restoration at the developer's expense.

### **10. Erosion and Sedimentation Control**

Prior to the commencement of any construction works on site, controls in accordance with **Chapter 3.12 of the Fairfield City Wide DCP 2013** shall be implemented prior to clearing of any site vegetation, to ensure the maintenance of the environment and to contain soil erosion and sediment on the property. Erosion and sediment controls shall be maintained until all construction works are completed and all disturbed areas are restored by turfing, paving and revegetation.

The documented erosion and sediment control plan shall be available on-site for inspection by Council Officers and all contractors undertaking works on the site.

**Note:** On the spot penalties up to \$1,500 will be issued for any non-compliance with this requirement without any further notification or warning.

### **4. Toilet Facility**

Prior to the commencement of any construction works on site, a flushing toilet facility is to be provided on site. The toilet must be connected to either a public sewer, or an accredited sewage management facility or to an alternative sewage management facility (chemical closet) approved by Fairfield City Council.

### **5. Required Signage**

For building, subdivision or demolition work that will affect the external walls of the building, signage shall be installed in a prominent position detailing:

- The name, address and telephone number of the principal certifying authority for the work; and
- The name of the principal contractor (if any) of the building work and a telephone number on which that person may be contacted outside working hours; and
- Stating that unauthorised entry to the work site is prohibited.

This sign shall be maintained while the building, subdivision or demolition work is being carried out and must be removed when the work has been completed.

## **PRIOR TO OCCUPATION OF THE DEVELOPMENT**

## **ATTACHMENT - A**

**The following conditions of consent must be complied with prior to the issue of an Interim Occupation Certificate or Final Occupation Certificate by the Principal Certifying Authority.**

### **6. Interim Fire Safety Certificate**

Prior to the issue of an Occupation Certificate (Interim or Final) fire safety certificate shall be submitted to and approved by the Principal Certifying Authority.

**Note:** An Annual Fire Safety Statement for the building premises dealing with essential fire safety measures shall be submitted to Council in accordance with the requirements of Clauses 177 and 181 of the Environmental Planning and Assessment Regulation 2000.

### **7. Building in Saline Environments**

The whole of the Fairfield Local Government Area is potentially saline affected, and as such appropriate design features and building materials need to be incorporated into the construction of buildings, to minimise the risk of salt damage.

Prior to the issue of an Occupation Certificate (Interim or Final), documentary evidence shall be submitted to the Principal Certifying Authority, certifying that the building has been constructed in accordance with Fairfield City Council's 'Building in Saline Environments Policy'.

## **GENERAL CONDITIONS**

**The following conditions have been applied to ensure that the use of the land and/or building is carried out in such a manner that is consistent with the aims and objectives of the planning instrument affecting the land. A Principal Certifying Authority can either be Fairfield City Council or an accredited certifier.**

### **8. Compliance with Construction Certificate**

All building works approved in this development consent must comply with the terms of the consent, the plans, specifications and any other approved documents relevant to the approved Construction Certificate.

### **9. Compliance with the Building Code of Australia**

All building work must be carried out in accordance with the provisions of the Building Code of Australia. Compliance with the performance requirements can only be achieved by:

- a. complying with the deemed-to-satisfy provisions; or
- b. formulating an alternative solution which:
  - i. complies with the performance requirements; or

## **ATTACHMENT - A**

- ii. is shown to be at least equivalent to the deemed-to-satisfy provisions; or
- c. a combination of (a) and (b).

### **17. Demolition Requirements**

Demolition of the existing building(s) shall be carried out in accordance with the requirements of AS 2601 – 2001 and the following:

- a. The property being secured to prevent unauthorised entry.
- b. Asbestos sheeting shall only be removed by licensed operators in accordance with the requirements of the SafeWork Authority. Proper procedure shall be employed in the handling and removal of asbestos to minimise the risk to personnel and the escape of particles to the atmosphere.
- c. All other materials and debris is to be removed from the site and disposed of to approved outlets in accordance with the approved Waste Management Plan.
- d. Five (5) days notification to commence demolition work shall be given to SafeWork NSW in accordance with Clause 466(1) of the Work Health and Safety Regulation 2011.
- e. Should you require information in relation to the safe disposal of asbestos waste, please contact the Environment Protection Authority NSW ([www.environment.nsw.gov.au](http://www.environment.nsw.gov.au))

### **18. Administration Fee for the Lodgement of Certificates**

Where a Principal Certifying Authority has been appointed other than Council, an administration fee is charged by Council for the lodgement of Construction Certificates, Interim Occupation Certificates and Occupation Certificates.

### **19. During Construction or Demolition**

During the construction or demolition period, the applicant must ensure that:

- a. There is provision of a trade waste service to ensure that all debris and waste material is removed from the site for the period of construction or demolition;
- b. All plant equipment, fencing or materials of any kind is not placed or stored upon any public footpath or roadway; and
- c. Any building work is to be carried out within the following hours.
  - 1. Monday – Friday between the hours of 7:00am to 6:00pm and Saturday between 8:00am and 1:00pm in all zones. No work may be carried out on Sundays or public holidays.

## ATTACHMENT - A

Except that,

Building works in a IN1 zone may be carried out within the following hours:

2. Monday – Friday between the hours of 7:00am to 6:00pm and Saturday between 8:00am and 5:00pm. No work may be carried out on Sundays or public holidays.

**Note:** On the spot penalties up to \$1,500 will be issued for any non-compliance with this requirement

### 20. Hoarding / Fencing

During construction, a hoarding or fence must be erected between the work site and a public place if the work involved in the development is likely to cause pedestrian or vehicular traffic in a public place to be obstructed or rendered inconvenient, or if the building involves the enclosure of a public place.

If necessary, an awning is to be erected, sufficient to prevent any substance from, or in connection with, the work falling into the public place.

The work site must be kept lit between sunset and sunrise if it is likely to be hazardous to persons in the public place.

### 21. Maintenance of Construction Site

During the construction and any dormant period, the applicant must ensure that the construction and/or development site is adequately maintained, as not to be prejudicial to the surrounding neighbourhood. In the event that the construction/development site remains dormant for a period in excess of three (3) months, permanent security fencing, hoarding or scaffolding, as defined in the relevant Australian Standard and incorporating visual shielding shall be provided and maintained to the satisfaction of Council until the completion of the development or as applicable.

Signage alerting to the presence of danger and prohibiting unauthorised entry to the site and any other signage, as required by a Development Consent, shall be displayed in a prominent position.

**Note:** Fines may be imposed, be issued and/or legal action in the form of Notices/Orders for non-compliance with this requirement will be instigated.
