Dear Mr Scott.

As a resident near the Zoo I do feel that I know how they are increasing their area

Cars are the major problem getting in & out of our area at certain times of the day is really so difficult & this new area of 62 rooms would add to our problems & cause havoc.

In our area we have the Zoo, & 2 schools & our roads just cannot cope with the amount of cars & there is no hope of improving the roads.

Yours Sincerely

Department of Planning
