Dear Sir / Madam

Re: Exhibition of a Proposed New Habitat
and Eco-Tourist Facility at Taronga
Zoo. (Ref. SSD 7419), Bradleys Head Road, Mosman

We refer to your letter of 5 April 2016
regarding this exhibition.

Having viewed the exhibition papers
available for inspection, we wish to
make the following submission of objection
in our capacity as long-term nearby
residents of Taronga Zoo.

The papers indicate that nearby
residents have been consulted and no
concerns about the proposal have been
expressed. That is not the case. We receive
no previous written notice to us of

this proposal. Had we done so, we would have expressed our increasing concern with the ongoing development of Taronga Zoo over recent years and the ever increasing problems for residents caused by the additional traffic seeking to get to / return from the zoo, park in our streets when doing so and leaving litter after they have done so.

With the additional patronage of the zoo arising from this new Eco-Tourist Facility and additional employees required to service it, we anticipate these problems caused for residents can only increase. Hence our objection to the ever increasing commercial development of Taronga Zoo. We have made no reportable ^{political} donations in the previous two years.

Yours faithfully
