Good morning Russell

I refer to Council's submission on 28 June 2018 regarding the Metro Over Station Development SSDA (SSD_8874). As previously advised, Council at its meeting resolved, amongst other things, "that Council's submission be informed by submissions received from all Precincts".

One submission that was not included was from the Lavender Precinct, which resolved at its meeting on 31 May 2018, that:

"Lavender Bay Precinct Committee requests Council to ask the State Government to ensure that the design of any tall building is environmentally acceptable, for example using greenery and trees".

It was an oversight that this Precinct submission was not included in Council's original submission. Council would appreciate this matter being considered in the assessment of the State Significant Development Application currently being assessed.
