comment

Thank you for leadership on this.

Why must every green space be taken over by some form of building?

Jacinta Kathryn Green

Keep up the fight.

Enough is enough

Where will it end?

This application threatens the ecologically protected Bundara Reserve ,make more open space with so many h  
Green space must be preserved! We don't want a concrete jungle, we want trees and open space. Build the bri  
This is another disgraceful example of total disregard for the rights and well being of the people of Ryde and  
Paul Porta

This is unbelievable! - what is happening to our city of Sydney - STOP it all immediately, if not sooner!  
Ryde is being overdeveloped and there are not enough quiet, green spaces left for the public. This reserve nee  
This small precious piece of remnant bushland has been shaved and shaved and shaved. It is outrageous that t  
Enough is enough when will this destruction of our area stop? We are sick and tired of this Government attack!  
This LNP government reminds me of the days of Robin Askin and his disgraceful LNP government.

This is a precious piece of bushland.

Please save our green space!

This is a tiny green space in the middle of high density roads in Ryde. Can I ask that the State Government take

vicki newstead

It's time for the NSW government to stop trying to run roughshod over the residents of Ryde City! Ryde has alr  
This green space is too precious to lose! The government needs to re-evaluate the proposed removal of this ve

In an area where overdevelopment is occurring at a rapid rate we need to protect green space and bush land

chris clarke

chris clarke

Why has the formerly approved, minimum impact, overbridge project gone so badly off the rails, with such an

Kathryn Frances Chivers

Bundara is such a special remnant of rare and endangered vegetation - it should be protected for all time.

Valerie Reynolds: Green space is intrinsically valuable, but will be even more so for those people who buy into  
Joanne M Spangaro  
The overdevelopment of Ryde has become a joke. The miss-use of trust from the state government has put ou

Enough leave our green spaces alone! Listen to the people who elected you in. Our state is being ruined by ma

I spoke at Council Meeting 27/03/18 about the importance of Bundara Reserve and the need to prevent any fu  
The NSW Government has sold off a large tract of the Business and Information Technology Park of North

chris Harrison

Hands off our green spaces, LNP government!!

OMG when and where is this going to stop - enough with the concrete jungles and over development of North

As rampant overdevelopment seems to be totally out of control , it is critical that we retain our green spaces. I

how about thinking of future Sydney and stop the vandalism of area

"FOLLOW THE MONEY TRAIL!"

I agree that a pedestrian bridge is necessary there but surely can be constructed with a minimum environmenta

Jacqueline Sweeney

Peter Haidinger  
BRIAN DEWBERRY

We need to maintain communities that people want to live in, corridors for wildlife and spaces we can be proud

Bundara Reserve is a critical part of Ryde's natural heritage that must be preserved.

Please leave our green areas alone.

Excessive population growth leads to more density and congestion which leads to more demands on our bushland

It is so important, now more than ever before, that we keep our existing green spaces in our city and suburbs.

Laurelle Wagner

This is a very special ecosystem that I was told was unique to North Ryde. It shouldn't be touched and should be preserved.  
Maryanne Beggs

We need areas with a reserve, and trees to breathe...

This is a special place which needs to be preserved.

Hands off!

The more units being built, the more we need our green spaces.

Please do not destroy this beautiful natural protected bush land and habitat of creatures.

Charles Gream

Here we go again.

There are not too many green spaces left in North Ryde so let's save this one!  
Save the trees

With all the development going on, green spaces are more important than ever!  
North Ryde is already been unfairly targeted by the State government for hyper-development. We need to ma

There is so little left if original iron bark sydney native forests left. Green spaces are under attack Sydney wide.

This patch of critically endangered Sydney Turpentine Ironbark Forest needs protection, not further deteriorati  
I am really tired of the overdevelopment in this LGA. Despite multiple representations to the state government  
Surely the footbridge can be designed to cross over Delhi Road to finish nearer to the railway station which is t  
Bundarra Reserve need to be saved. No more development in Sydney

caroline raward

The development of the area around Delhi Road here has gone too far. I think it started with the M2 connectic  
We must save this area. We have lost too much precious green space already!  
There is far too little green space, parkland etc remaining as it is. We should preserve what remains at all costs

Even an extra 250sqm counts when so little is left in that position. Now an additional 5% to go, and next time

Surely a better bridge can be designed that doesn't impact on the reserve. What is wrong with the other side o

So little green space left - itâ€™s precious. And it just seems too familiar that the NSW Liberal Govt are happy  
Why are the NSW Liberal Govt ignoring their own Environmental Listing? Why? How can they justify  
It's protected leave it alone & stop the destruction of our built & natural heritage .

Please donâ€™t allow this reserve to be destroyed, even partially. We need mature trees for our good mental ;

We need to check Chinese government investment in Australia to protect our sovereign interest. Additionally,

Dont give up.

Leave these green areas alone,our country is hot enough

I object to the above and support the Ryde Mayor, elected Councillors and community members who oppose t  
Because removal of established trees and offsetting saplings is pseudo science. Corners need full protection

Max Mosher

stephen daniels

This is a seriously important piece of forest that desperately needs to remain in place in an increasing urbanise

Why do Chinese get away with this WHEN WE COULDN'T!!! WE DONT NEED MORE OF THIS IN OUR

This is outrageous! Enough already. I don't want to live in Asia where it is all glass and concrete! We need g

This is a protected forest so it cannot be built on

There needs to be Green space along Macquarie Park business and residential development. If you walk from

Reserves like this one should be preserved.Green corridors are necessary and preserving tree species habitat is

Coming from a country that is quickly destroying it's natural resources in the name of development, it was goo

Graeme Cordiner

Trees rather than concrete - Enough is enough

There has been an enormous tree loss in the north west of Sydney

I will watch the result of this petition, and if the Bundara Reserve is destroyed, I will not be voting Liberal at the

Please stop this over development!!!

I pass by on my way to see family in the Northern Beaches and I loathe what has happened to this peaceful area

The proposal to destroy this stand of trees displays the pathetic pettifogging 'nanny state' mentality to which I object. This is ridiculous. I live in North Ryde and having these lovely spots of natural greenery and wildlife keeps North Ryde a lovely place to live. This government is determined to destroy as many trees as possible. What for. Ugly high rise Units. The city of Sydney. As a past resident of North Ryde I am stunned that this proposal is on the agenda. I loved that little "green

I don't even know where to start on this one! The poor thought into design, the disregard for the environment,

When will this mindless over development and destruction of our green space stop!

I was accepting of the original DA plans that were extensively negotiated with the community during the original process. Once again, The Environment is in the Way - of PROGRESS!
