Attention: Director, Infrastructure Projects

SSI-5414

Dear Sir,

We are Beecroft residents who are writing to express our full support for the proposed North West Rail Link. There are a large number of communities in the North West sector that obviously need a more efficient and effective public transport system to cut down travelling times and provide greater access into the city. The proposal clearly addresses this issue and therefore as stated has our full support.

Yours sincerely,

Caroline and Ross McAlpin
