Subject: Objection to EIS2 SSI-5414

Name: Kenneth Cheng
Address : 69 Hull Road Beecroft NSW 2119

Application number SSI-5414

Objection to running single deck trains between Epping and Chatswood
There is no need to run train at such high frequency and why not build a large tunnel for current double deck trains.

Reasons – The passenger volume is not large enough to justify to run so many trains per hours. Why not run with a double deck train at 6 trains per hour.

Regards
Ken
