Dear Sir / Madam,

I write to object to the proposed EIS2 for the North West Rail Link.

The North West Rail Link, under the current proposed format, will cause great inconvenience for Beecroft and Cheltenham residents who need to travel to the city for university or for work. It will increase significantly our traveling time with every trip, and when one, for example, a student like myself, has to travel to the city daily, this has a significant detrimental impact!

The North West Rail Link should not be a metro line. The distance is far too long for metro style transport.

Regards,

Noni Chan
6 Timbertop Way, Beecroft 2119
