Attention Director

Dear Sir Madam

Re 5515414

Sky Carriage Project

I understand
Infrastructure spending is crucial. Proposed
Sky train Kellyville Nor West. The many thousands
of cubic metres of concrete and reinforcing steel.
For a mere five kilometres in track. Sustaining
resources, for future projects must be used sparingly.
The Nine billion dollar investment Nor West Rail
Link. Main investment Sky Carriage proposal is
Poles Cable. Advantage of going in a direct line.
Could link Central Coast - Sydney Richmond - Sydney
Woolongong - Sydney. Local Councils assisting
~~Councils~~ Suburbs. Uncertainty in Markets
eg Qantas Engineers. Holden-Ford manufacturing,
opportunity time New Industries. Infrastructure
in place. Presently Contractors, tendering triple
amount on books. Project can be completed in a
matter of months.

Kind Regards

Matthew Allen
