**Subject:** EIS2

---

**Name & Address: Rex and Sandra Sadler  
29c Albert Rd  
Beecroft 2119**

### **Objection to EIS2**

**Application number SSI-5414**

**We strongly object to the EIS2 for the NorthWest Rail Link.**

**What is presently a direct trip into the city will become a nightmare with three trains involved instead of one.**

**Daily commuters will be forced to add a lot of time to their trip as well as enduring the inconvenience of alighting, disembarking, waiting, alighting, disembarking, waiting, alighting and finally disembarking.**

**This is ludicrous planning beyond comprehension.**

**Elderly passengers will also find it too complex.**
