Subject: E1S2 - North West Train project

Good morning

I live in Beecroft

I have read the proposal for this Train line and I am in support of it on the whole

My only objection to it is that it will only cater for a single deck train from NW to Epping

I strongly urge you to spend the additional \$ to give it a uniform capacity of a double deck train
This will **future proof** the project for a marginal cost now

Pl think big to avoid the motorway fiasco of a road widening after the event

Regards
Piyush Bhatt
