Dear Sir/Madam,

**The application number: SSI 5414**

**Re: Tunnelling for North West Rail Link**

**W**ith regards to the Resumption of Underground Land for tunneling for North West Rail Link, I am writing to formally inform you that:

1. I firmly oppose to the idea of having the area near my property at 30 Barombah Road, Epping NSW 2121 to become part of the North West Rail Link's underground tunnel for the following reasons.

- 1) The vibration/noise and other side effects the 24 hours tunneling work will potentially generate would severely impact on the quality of my family's life, psychological well beings, leading to physical illness.
- 2) No matter what, this kind of construction project will definitely affect the quality of the soil. The air quality will also be affected.
- 3) The price of my property will be severely affected.
- 4) In the event that the tunnel is sabotaged or destroyed for any unforeseen reasons, the houses and the foundation of these houses above the tunnel will be affected.

2. I have not made any political donations in the last 2 years.

Thank you

Yours faithfully

Ji Hye Ahn
