Dear Sir,

Cars Parking along Ridgehaven Place when Railway System is operational

My house is at the above address, which would be a five minute walk from the Norwest Station. There is walkway from the end of Ridgehaven Place to Norwest Boulevard.. It is my concern that, there is a likely hood that the train commuters would park their cars along Ridgehaven Place to catch the trains from this station.

I would appreciate if this matter would be considered by the authorities.

Thank you.
