**Subject:** Objection to the North West Rail Link Proposal

**Objection to the North West Rail Link Proposal in its current form**

**Application number SSI-5414**

**I object to the NWRL in its proposed form because, as a resident of Beecroft, I will be severely disadvantaged by the number of train changes I will have to make in a journey to the city, which is already quite long. I use trains regularly but the increased journey time will have a negative impact on my participation in many activities.**

**In particular, I, and many other older residents, travel to the city in the evening for concerts and other events. If the proposal is implemented the return journey will be far longer than at present, and may mean that I will not be able to travel at night.**

Yours sincerely

Lynne Outhred
