This is a submission to the Berrima Rail Project EIS. SSD7171

I object to this project and recommend that it be rejected.

I have lived and worked in Berrima for over 40 years. My family own and run a horse stud which myself, husband and children now live on and run. I have worked locally for over 20 years and have 2 commercial premises in the area. One in Berrima. I am very concerned about this proposal and the impact of the rail project.

My concerns are: -

Delays at rail crossings: -

I work out of the area at a university and travel the freeway every day. The proposed delays at rail crossings will have a significant impact on my ability to get to work and move around the area.

Noise - I am very concerned as I live close to the river that ongoing noise will impact our quality of life.

I ask the Government to reject this project

Signed
