GPO Box 39
Sydney NSW 2001

This is a submission to the Berrima Rail Project EIS. SSD7171

I object to this project and recommend that it be rejected.

The Southern Highlands infrastructure is not equipped to have additional Burdens placed upon it -

We are a small community and any additional delays, rail level crossing closures and extra trains will clog and disrupt the already fragile infrastructure that exists.

emergency Vehicles such as fire brigades, ambulance, police and others will be detrimentally affected by extra rail crossing closures and that will take place on a daily Basis-

THIS DOES NOT MAKE ANY SENSE !

I ask the Government to reject this project
