This is a submission to the Santos Narrabri Gas EIS.

I object to this project and recommend that it be rejected.

The Pilliga FORESTS & adjoining areas are
and still are a natural wonder for the
region as being the largest arid forests
in Australia are a natural benefit to
generations to come.

I'm sure that the nature of the forests
is not fully understood.

I ask the Government to reject this project and make the Great Artesian Basin recharge
off-limits to gas mining.

Signed,
