This is a submission to the BERRIMA RAIL PROJECT EIS. SSD7171

I object to this project and recommend that it be rejected.

My objections are:

It will increase times that rail crossings are closed, it will increase coal dust pollution along the railway line & it will increase railway noise. I moved to the Southern Highlands to enjoy the country air & rural lifestyle this area has to offer. The characteristics of this area is incompatible with heavy industry & an additional rail line to traverse farms.

I have not made any political donation in the last two years, to any party.

I ask the Government to reject this project

Signed,

G. Downie
