This is a submission to the Hume Coal Project EIS. SSD7172

I object to this project and recommend that it be rejected.

I have lived in this beautiful area for the past twenty five years. Having lived in London during all the bombing raids of W.W.II I believe I have seen hubbly & chaos & obliteration as well as anyone. It is often the surroundings that we see ^{that} impact on our lives. So on this area of green & pleasant land. Now put into only future siting - 17 level crossings 14 daily coal trains, extra hold ups & pollution & noise. 3 ^{large} stack piles of coal - wind sweeping across this leaving constant dust!! My belief at my age of 79 yrs is that we reap what we sow beware all perpetrators of God given beautiful surroundings. Your Karma will be upon you & yours!!!

I ask the Government to reject this project

Signed,

Anita Robinson
