This is a submission to the Hume Coal Project EIS. SSD7172

I object to this project and recommend that it be rejected.

I object to the project

I have not made any political donations ever

I am very concerned about our WATER and AIR quality and the impact the mine will have on the whole community

This is a flawed proposal & I urge the Government to reject this project.

This area is so beautiful and it is a disgrace that it will be disfigured and spoilt doing so much damage to this community with poor economic returns to NSW

I ask the Government to reject this project

Signed,

Maria Kildu
