This is a submission to the Hume Coal Project EIS. SSD7172

I object to this project and recommend that it be rejected.

Sydney is growing in population very rapidly. Where are all these new people going to go on weekends? They go to the Coast to the Blue Mountains, & to the Southern Highlands. Why? Because they are seeking out: Fresh air, quiet, birds, nature, minimal traffic and **NO POLLUTION!**

If this mine goes ahead people will go elsewhere: who wants to have a weekend by a coal mine?

This mine would destroy our **TOURIST ECONOMY**. It will be a disaster.

No-one goes on weekenders or moves to places with reduced air quality & water quality. This will cost Southern Highlands

I ask the Government to reject this project

millions of dollars in tourist dollars
