Attn: Executive Director, Resource Assessments Department of Planning and Environment
GPO Box 39
Sydney NSW 2001

This is a submission to the Hume Coal Project EIS. SSD7172

I object to this project and recommend that it be rejected.

I am new to this area and feel very concerned about the damage that will be done to such a pristine area

Our water is our greatest resource and we are part of Sydney water catchment

Hume admit that 93 boxes will be drawn down and take up to 10 odd years to come back if ever?

our native trees supporting natural habitat will be impacted and we have a responsibility to protect our environment for future generations

I ask the Government to reject this project

Signed,
