This is a submission to the Hume Coal Project SSD 7172

I object to this project and recommend that it be rejected.

I object on numerous grounds
1) Firstly, having a property for 50 years
in Sutton Forest. We need water
for agriculture. We need security
for our herd of cows in transport
and growth in paddocks.
2) It is of great importance to respect
the heritage of this area. The
historic importance of Sutton Forest
- the country home of Governors of NSW,
early stagecoaches and early explorers.
3) I object also on the effect of coal mining
on small businesses & flora and fauna.
ps. (We have a black swan breeding ground
on one of our dams) It is a beautiful place!!
so why ruin a flourishing economy here!!
to send money to South Korea.??

I ask the Government to reject this project

Signed,

M'Donald
