Department of Planning and Environment
GPO Box 39
Sydney NSW 2001

This is a submission to the BERRIMA RAIL PROJECT EIS. SSD7171

I object to this project and recommend that it be rejected.

The main reasons I object to the project are:

- The proposed coal train transportation will be a source of noise and coal dust pollution in a clean, rural environment.
- The extra trains will hold up road traffic for prolonged times at the numerous rail crossings in the district.
- Coal trains will not enhance the tourism industry in the area.

I ask the Government to reject this project.

Rosalind Dale
