To whom it may concern,

SUBJECT: Lot 2 DPI108702 Burleigh Ranch Way Eagleton NSW 2324

I would like to convey my concerns towards the proposed above DA. I am a staff member at Eagleton Ridge Respite Centre (ERRC). The approval of this DA will expose myself, other staff members and residents to the noise from the quarry activities. Many of our residents are light sleepers and can heavily affect their set regime.

Not only will the noise affect us but so will the vibration from the blasting and crushing and the dust from the movement of trucks and crushing of rocks. This will have devastating effects on the clients due to their sensitivity to noise and dust but most importantly, deteriorate their quality of life which we at ERRC strive to maintain.

Eagleton Ridge Respite Centre has been a hardworking company for 17 years with the employment of 20 plus staff, the loss of this business will mean loss of jobs and many people looking for other out of home care that meets the high standard we set.

I wish to strongly object to the proposed quarry and approval of the Development Application for all the reasons above.

Thank you for taking time to read my concerns.

Sincerely yours,

Paige Honson-Snedden
