

Applicant Eagleton Rock Syndicate Pty Ltd
Location Lot 2 DP 1108702 Barleigh Ranch Way Eagleton
Application Number SSD7332

PCU069997

To whom it concerns

I am an employee at Eagleton Ridge. I strongly object to the proposed Quarry for many reasons. I believe it will greatly impact on the clients and all of the staff, the noise and vibration will have a huge effect on the clients all of them having special needs which Eagleton Ridge cater for. Eagleton Ridge is home and to many clients a sanctuary where they know they can be comfortable. Many clients come to the farm and feed the animals and do activities through the day, as many of our clients have an intolerance to noise and a lot of our clients also have allergies and respiratory issues, I feel this would have such a dramatic impact on all our Eagleton Ridge participants. All the extra traffic would cause more noise more dust more vibration all the heavy earth moving equipment used would really effect the clients in all of their day to day living and would also have such a big impact on the clients mental health.
