

4th March 2017

Planning Services
Department of Planning and Environment
GPO Box 39
SYDNEY, N.S.W. 2001
ATTN: Minister for Planning

**REFERENCE: Opposing the Eagleton Hardrock Quarry
Development**

Application No: SSD 7332

Location: Lot 2 DP1108702, Barleigh Ranch Way, Eagleton

Applicant: Eagleton Rock Syndicate Pty. Ltd

I am writing to express my opposition to this proposed development as a resident of the area which will be impacted by this development. I am totally opposed to the application and development of the Eagleton Hardrock Quarry. I have great concerns about the impact it will have on our community. I reside next door to Gilson's Quarry and cannot begin to fathom that there is now an application for another quarry.

I wish to lodge a formal objection to the proposal as I feel that this development is totally inappropriate for this location and poses major concerns for the residents and environment.

On the 24th February Wayne Wallace (General Manager of Port Stephens Council) contacted the Department of Planning and Environment and was responded to by Michelle Kirkman from NSW Government Planning and Environment. The correspondence forwarded stated that individuals could provide more detailed comments and a supplementary submission within 2 weeks.

Due to the length of the EIS (some 128 pages) and the short time I have had to consider the implications more completely, I would without doubt, like to state a formal opposition and inform the Minister for Planning that I will

be providing a more comprehensive submission within the 2 weeks as provided.

I [REDACTED] fervently oppose Eagleton Hardrock Quarry Development

My submission that I will be lodging within the 2 weeks will be including my concerns relating to:

1. Noise
2. Dust contamination
3. Operations
4. Personal impact
5. Local business impact
6. Water contamination
7. Pollution
8. Natural vegetation and environmental impact

Yours sincerely,

[REDACTED]
